Guarantees are based on the claims-paying ability of the issuing company.

We are committed to helping you achieve your retirement goals.

A Company You Can Trust

You are choosing a company with a long history of financial strength. While many insurance companies have seen their ratings fluctuate, our annuity companies received:

- ▶ Affirmations of an "A" rating by A.M. Best
- ▶ Two upgrades since 2007 to "A+" by Standard & Poor's

One of our annuity companies, Great American Life Insurance Company, is proud to have received an "A" or higher rating by A.M. Best for more than 40 consecutive years. This rating indicates an "excellent ability to meet our ongoing obligations to policyholders."

Three Simple Keys to Success

The key achievements that have helped us maintain our strong ratings include:

Solid operating performance

Over the past 12 years, our annuity premiums have more than quintupled.² This tremendous premium growth during unpredictable economic climates demonstrates our continuing commitment to providing annuity products that can help you reach your long-term goals.

Continued record levels of capital

Our annuity companies have the financial backing to continue to grow and weather the inevitable swings in the financial marketplace. All insurers are required to maintain a minimum level of risk-based capital to support business operations while writing contracts. Our risk-based capital level significantly exceeds the requirement. Maintaining strong capital positions means that we will be here to serve you in the long run.

A long-term investment approach

As a family-led company built on Midwestern values, Great American is one of the most conservatively managed annuity providers in the marketplace. Fixed income investments comprise approximately 93 percent of invested assets, compared to the insurance industry average of approximately 78 percent.⁵

Annuity premiums went from less than \$1 billion in 2004 to more than \$4 billion in 2016.²

Our distribution of invested assets creates a low risk and stable profile

Carl H. Lindner III (left) and S. Craig Lindner (right), Co-Chief Executive Officers

A Great American Family

In 1940, a man named Carl Lindner opened a cash-and-carry dairy market with his father, sister and brothers. The success of this single storefront would launch his career as a self-made businessman and entrepreneur. He parlayed this business sense into interests in the banking and insurance industry.

In 1959, Mr. Lindner founded American Financial Group (AFG), and in the 1970s, AFG acquired Great American Insurance Company®. His sons Craig and Carl joined him in the enterprise, and have spent their entire careers helping to build AFG into a premier annuity and specialty commercial property and casualty insurance provider. Today, Craig and Carl serve as Co-Chief Executive Officers. As AFG has grown, the Lindner family has committed the company to creating value for clients and shareholders, providing quality products and services, and remaining financially strong.

Because of Mr. Lindner's beginnings, he and his family recognize the importance of giving back. Throughout the city of Cincinnati, the family's philanthropy is well known, and you can find the Lindner and Great American name on YMCAs, university buildings and arts organizations, to name a few.
